

BSB42615 – Certificate IV in New Small Business
BUNBURY, BUSSELTON and MARGARET RIVER

Course Information Session

Skills and knowledge you will gain

Many business operators are highly skilled or qualified in the “technical” side of their business, but simply don’t have the time to attend normal training in business management. They also struggle finding the time and help they need in putting together a practical easy to follow Business Plan to guide them in the future development of their business and find balance in life. Sound like you?

The South Regional Tafe offers you this innovative solution where you can develop your own Business Plan and gain a formal business qualification in the process. The program is extremely flexible with up to 9 months to complete and having the support of a business advisor working one on one with you all the way.

On completion of the program you will have a finished, personalised BUSINESS PLAN and a Nationally recognised QUALIFICATION (Certificate IV in New Small Business), together with a range of MANAGEMENT SKILLS acquired along the journey.

The course covers the essentials for operating and managing your small business.

- Business Planning and Organisation
- Marketing and Customer Service
- Operations and Human Resources
- Business Structure and Legal Requirements
- Finance
